

Commissioner, JMC takes stock of activities relating to fogging drives

Commissioner, JMC, Dr. Devansh Yadav took stock of the activities being carried out by Jammu Municipal Corporation and Anti Malaria Wing, Jammu in view of increasing Dengue cases in Jammu and issued strict instructions to all the concerned to cover each and every ward of JMC in respect of fogging to eradicate the breeding of mosquitoes responsible for spreading Dengue. The drive has been started today from Trikuta Nagar Sector-9, Jammu.

The Commissioner has issued clear cut directions to health wing of JMC to put in place the sufficient number of men and machinery so that every nook and corner of the city can be covered in respect of fogging to avoid the chances of dengue, as cases of Dengue are on the higher sides in Jammu. He further appealed to the general public to avoid accumulation of water in their surroundings and pay attention towards the hygiene in and around their homes and dwelling units.

Appreciating the efforts of JMC and Anti Malaria Wing of Jammu to launch such fogging drives for the safety and security of the people, the representatives of Association of Trikuta Nagar Welfare Society assured that they shall extend full cooperation and support to JMC in eradicating the menace of Dengue.

Later, Dr. Yadav chaired a meeting to review the status of grievances submitted through the Samadhan portal, instructing for prompt and effective resolution to ensure public convenience.

Directing the concerned for early and quality redressal of grievances for the convenience of people.

During the drive, SM Dr. Dhruv J. Raina, SM, and Health officer, Dr. Vinod Sharma accompanied the Commissioner.

Dr. Devansh Yadav visits Sanjay Nagar to takes stock of civic amenities Seeks peoples' cooperation in implementation of developmental plans

Commissioner of JMC, Dr. Devansh Yadav visited Sanjay Nagar Ward no. 46 today to review grievances related to civic amenities reported through various portals. During his visit, he inspected several lanes to assess the issues and the actions taken by relevant departments.

Dr. Yadav assured locals that proposals for enhancing civic facilities are underway. He emphasized prioritizing urgent issues such as nallah fencing, drainage improvements, lighting, and cleanliness. He also urged stakeholders to use dedicated garbage collection vehicles and announced an increase in their frequency. To prevent garbage dumping in nallahs, he promised that all nallahs would be fenced.

Addressing the rise in dengue cases, Dr. Yadav urged residents to eliminate standing water around their homes to prevent mosquito breeding. He also called for public cooperation in implementing a new action plan designed to tackle waterlogging in low-lying areas.

The locals also flagged various issues for which the Commissioner assured them that the issues of urgent nature would be resolved on priority. Among others, Joint Commissioner, Works, Firdous Ahmad Qazi, Deputy Commissioner, South, Lal Chand, Jammu Municipal Corporation, Health Officer Dr. Vinod Sharma, besides various other senior officers of various wings of JMC accompanied the Commissioner during the tour.

JMC Commissioner visits dengue affected hotspot areas Leads Fogging Operations to Combat Dengue Outbreak

In a bid to intensify efforts to control the spread of dengue fever in Jammu, Commissioner, Jammu Municipal Corporation, Dr. Devansh Yadav (IAS), conducted an extensive tour of various wards under the jurisdiction of Jammu Municipal Corporation here today.

During the tour, the Commissioner visited wards number 63, 64, 65, 66, and 67, where the health and malaria team of JMC is actively engaged in fogging exercises to eradicate mosquito breeding sites and the main objective of the initiative is to prevent further cases of dengue fever by eliminating the mosquito population.

Emphasizing the importance of collective efforts in combating this public health concern, the Commissioner urged upon the residents to take proactive measures by disposing of collected water in and around their homes and dwelling units. Disposing of collected water in and around their homes would significantly contribute to preventing mosquito breeding, he said and added that working together, we can successfully mitigate the spread of dengue fever and maintain a healthy environment.

Dr. Yadav directed the fogging team to expedite their operations, ensuring comprehensive coverage of all wards under jurisdiction of JMC as soon as possible, saying that the concerted effort would effectively control the dengue menace and safeguard public health.

Interacting with the locals during the tour, the Commissioner informed that JMC has initiated a range of measures aimed at providing better civic facilities, including improved sanitation, waste management, and water supply systems. He also highlighted the commitment of JMC for upgrading infrastructure, such as roads, drainage, and public transportation, to make the city more liveable and sustainable.

Later, the Commissioner also visited Ward No. 52 to get a firsthand appraisal of the grievances and difficulties faced by the locals. Issuing on-the-spot directions to the concerned officers, the Commissioner instructed them to prioritize addressing the people's grievances.

Among others, Joint Commissioner, works, Firdous Ahmad Qazi, Deputy Commissioner (South) Lal Chand, Health Officer, Dr. Vinod Sharma, besides other senior officers of JMC accompanied the Commissioner during the tour.

JMC Commissioner conducts Extensive tour of Jammu South Wards **Says vigil, real-time helps to prevent illegal construction,** **unauthorized development**

Commissioner, Jammu Municipal Corporation (JMC) today conducted an extensive tour of the wards in Jammu South to take stock of illegal construction and development of unauthorised colonies by private persons and sub-division of big plots into small ones within municipal jurisdiction. Elucidating the importance of real-time reporting in the matter, the Commissioner said that it would go a long way in thwarting the illegal constructions and development of unauthorised colonies in the municipal areas. Directing the enforcement staff for keeping strict vigil with regards to construction without approved building plans and development of unauthorised colonies, Dr Devansh said that real-time reporting plays a pivotal role in municipal operations.

The tour, aimed at addressing local concerns, showcased the Commissioner's commitment to improving urban infrastructure and community engagement. He also got first-hand appraisal about health and sanitation activities being carried out in these wards.

During the tour, the hands-on approach of the Commissioner underscored the necessity for timely updates and transparency in municipal activities, which he believes are crucial for effective governance and public trust. The Commissioner said that such types of inspection would also be conducted in other wards of the Municipal limit, saying that such inspections would provide a platform for residents to voice their concerns and suggestions regarding local development, further strengthening the relationship between the JMC and the community.

Commissioner, Jammu Municipal Corporation (JMC) Dr. Devansh Yadav today conducted an extensive tour of various wards in Jammu South to take stock of the functioning of street lights

Commissioner, Jammu Municipal Corporation (JMC) Dr. Devansh Yadav today conducted an extensive tour of various wards in Jammu South to take stock of the functioning of street lights installed by the EESL in JMC jurisdiction.

Responding to the complaints with regard to non-functioning of street lights in various wards of the JMC jurisdiction, the Commissioner undertook tour with the objective to ensure that the lighting issues are resolved promptly and efficiently. He said that the electrical team of JMC is working with zeal and dedication to repair the street lights from its own sources. As many as 1000 street lights would be repaired on daily basis by mobilizing all available resources, he maintained and hoped that the core issue with regard to street lights would be resolved soon.

The Commissioner informed that present repair strategy of JMC electrical team would lead to a swift resolution of the lighting issues that have been affecting the community. He acknowledged the importance of proper street lighting for public safety and community well-being, assuring that every effort is being made by the JMC to restore reliable lighting in every nook and corner of JMC jurisdiction.

Focusing on the repairing of non-operational street lights, a long-term plan is being developed to contain similar issues in the future, Dr. Yadav said and added that the plan includes regular maintenance schedules and upgrades to the street lighting infrastructure to ensure sustained performance.

Dr. Yadav said that with the set of daily repair target would show gradual improvements in street lighting over the coming days, adding that the initiative would reflect the administration's dedication to enhancing urban infrastructure and improving the quality of life for the citizens of Jammu.

JMC Intensifies Anti-Dengue Measures JMC Commissioner seeks peoples' cooperation to prevent spread of dengue

JMC Intensifies Anti-Dengue Measures. JMC Commissioner seeks peoples' cooperation to prevent spread of dengue
Jammu, September 24: In a concerted effort to combat the rising cases of Dengue in Jammu, Jammu Municipal Corporation (JMC) has launched a special fogging drive in collaboration with the Anti Malaria Wing under the aegis of Commissioner, JMC Dr. Devansh Yadav.

The fogging team supervised by Health Officer, Dr. Vinod Sharma targeted the hotspots including Muthi, Janipur, Bantalab, Trikuta Nagar, Shastri Nagar, and Channi areas falling under the jurisdiction of Jammu Municipal Corporation.

The Health & Sanitation and Transport Wings of JMC deployed sufficient manpower and machinery to carry out the fogging operations. The drives are now being conducted in double shifts, ensuring that fogging occurs twice in these critical areas to effectively eliminate mosquito breeding sites.

Urging upon the public to cooperate with the JMC in maintaining cleanliness and avoid water accumulation in and around their dwelling units , the Commissioner said that it would go a long way to prevent the spread of Dengue.

Awareness programme on Environmental Management of Dairies/ Gaushalas and adoption of scientific dung disposal mechanisms

MVO section, JMC organized an Awareness programme on Environmental Management of Dairies/ Gaushalas and adoption of scientific dung disposal mechanisms at Gurdayal Dairy, Sanjay Nagar today on 27th September, 2024.

VAS, JMC, Dr. Divya Sharma and other officials of Veterinary section of JMC were present in the programme. The dairy owners & gaushala operators of Sanjay Nagar were invited in the programme for making them aware regarding management of dairies/ gaushalas & proper scientific dung disposal mechanisms viz. Installation of Biogas Plant, Vermi-compost unit, compost pits etc. to be adopted in their dairy units.

VAS, JMC Dr. Divya Sharma informed the local dairy farmers that Jammu Municipal Corporation has taken various initiatives regarding regulation of Dairies & Gaushalas operating within JMC limits in line with guidelines of JKPCCC regarding Environmental Management of Dairies/ Gaushalas & FSSAI norms. Further, she informed that 82 no. of Dairy Units have already been registered with JMC and process is going on to register/regulate all the Dairy units/ Gaushalas operating within JMC limits. For mandatory registration, the dairy unit shall fulfill the said criteria as per the guidelines of JKPCCC and FSSAI norms. These dairy units have installed Bio Gas Plants, Vermi Compost Units or adopted other techniques for scientific disposal of Dairy waste. She also highlighted the importance of such programs and events which will generate mass awareness for the stake holders to adopt and follow the guidelines issued by the regulatory agencies.

VAS, JMC Dr. Divya Sharma emphasized the importance of adoption of guidelines issued by JKPCCC, JMC, FSSAI and in terms of directions of Hon'ble NGT so that every bit of dairy waste generated is properly recycled & utilized as manure and energy for the creation of waste to wealth.
