20th November 2021

Jammu improved in Swachh Survekshan ranking-2021.

Today Mayor, Jammu Municipal Corporation hold a press conference in presence of Commissioner, JMC , Ms. Avny Lavasa (IAS) and Chairmen, Public Health Sanitation Committee, Sh. Narinder Singh, Social Justice Committee, Sh. Kuldeep Singh and Swachh Bharat Abhiyan Committee, Sh. Yash Paul Sharma regarding the recent ranking achieved by JMC in Swachh Survekashan-2021. During the conference various initiatives undertaken by JMC with regard to sanitation aspects in ensuring 100% door to door collection of segregated solid waste, deployment of new waste collections vehicle/autos, IEC campaign and plastic campaign were highlighted.

While addressing, the Mayor apprised that Swachh Survekshan is an annual survey of cleanliness, hygiene and sanitation in cities and towns across India. It was launched as part of the Swachh Bharat Abhiyan, which aimed to make India clean and free of open defecation by 2nd October 2019. The first survey was undertaken in 2016 and covered 73 cities; by 2020 the survey had grown to cover 4242 cities and was said to be the largest cleanliness survey in the world.

The objective of the survey is to encourage large scale citizen participation, ensure sustainability of initiatives taken towards garbage free and open defecation free cities, provide credible outcomes which would be validated by third party certification, institutionalize existing systems through online processes and create awareness amongst all sections of society about the importance of working together towards making towns and cities more habitable and sustainable. Additionally, the survey also intends to foster a spirit of healthy competition amongst towns and cities to improve their service delivery to citizens and move towards creating cleaner cities.

Objectives of Swachh Survekshan Abhiyan

- Encourage large scale citizen participation.
- Ensure sustainability of initiatives taken towards garbage free cities.
- Provide credible outcomes which would be validated by third party certification.
- Ensure sustainability of initiatives taken towards open defecation free cities.
- Institutionalize existing systems through online processes.
- Create awareness amongst all sections of society.
- Importance of working together towards making towns and cities more habitable and sustainable.
- Foster a spirit of healthy competition amongst towns and cities.

ULB Jammu Ranking in Swachh Survekshan

2019 - 329
