**Additional Transportation Charges for Bulk Waste Generators**

As per SWM rules 2016 every Bulk Waste Generator (BWG) need to manage their Wet waste, horticulture waste and garden waste generated from premises separately in own premises and carry out composting in compost pits within the premises. In case of non-availability of land, disposal is to be done as per the directions of the urban local body from time to time.

Keeping in view, transportation cost to Bulk Waste Generators (BWG), JMC is taking the initiative of transportation of segregated Waste of BWG for which a nominal charge will be charged for it apart from the user charges.
