Public Notice

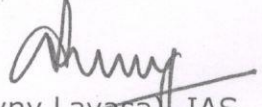

Sub:- Construction & Demolition Waste disposal regarding.

The public in general through the medium of this notice is hereby informed that:-

1. During the dismantling operations of existing buildings, the entire building shall be enclosed by raising the boundry up to min. 10 ft. height through temporary measures and arrangement to sprinkle water during the dismantling operation shall be in place so as to avoid flowing of dust.
2. All such vehicles carrying the building construction material viz. sand, good earth, etc and also carrying C&D waste material should be properly covered with tarpalene so as to avoid flowing of dust into the air.
3. No construction & demolition (C&D) waste material should be dumped along the road side but the same should be transported through JMC for disposal to the designated identified site of JMC at Bhagwati Nagar, Jammu.

The general public is to strictly comply with these instructions failing which penalties under the relevant C&D Waste Management Rules-2016 shall be imposed.

No.: Jmc/ESH/9969
